A FEW WORDS FROM YOUR PRESIDENT...

Welcome to our 10th Annual C4 Convention! I appreciate the sacrifices all have made to attend this year and I'm sure you won't be disappointed. At last year's convention, we experimented with producing a convention program. The response from the membership and the dealers was overwhelmingly positive. I am pleased to be able to provide a program again this year. In addition to containing helpful information about the convention, it makes a nice souvenir to remember this event. Also, there is contact information for dealers that you can use all year long.

I'd like to thank Ed Aleo, promoter and owner of the Bay State Show, for his going above and beyond to accommodate C4 and all of our functions. Ed is one of those guys that follows through with all the details. Thanks also to Dennis Wierzbza (C4 Immediate Past President) for being our Convention Chairman, arranging for activity rooms and refreshments. Also, Dennis coordinated the volunteers for lot viewing. Mike Packard is our Education Chairman and has again assembled an evening of guest speakers for all of us to enjoy. Buell Ish is our exhibit chairman, again obtaining exhibitors and outstanding displays. Be sure to check them out. I'd like to also personally thank those who volunteer to help with lot viewing, manning the C4 Table, exhibiting and out guest speakers.

M&G has again provided us with a beautiful catalog, which also doubles as a reference book for our personal libraries. This catalog alone is worth the price of C4 dues. Tom Rinaldo has done the cataloging in a style we've become accustomed to. We thank the consignors for trusting their coins to our auction. Consignors and bidders are equally important. Both are necessary for a successful auction. A big thanks goes to those that provide donated lots, whose proceeds go directly to the C4 treasury.

I look forward to seeing everyone. If you've never met me, please find me and introduce yourself. The fellowship at this convention is as important to your enjoyment of the hobby as the coins and educational events. I hope you enjoy yourself and please give us your feedback. We know if we're meeting the needs of the membership by the comments we hear.

Have Fun!

AMERICAN NUMISMATIC RARITIES

The New Standard in Colonial Coin Auctions

American Numismatic Rarities was founded by some of America's best known numismatic talent. We take pride in our treatment of your coins at public auction. Accurate and elaborate descriptions, superb in-depth research, and a world-class graphic and photographic presentation are our standards. Our staff has unsurpassed experience and knowledge of pre-federal coinage issues. Our catalogues are created as an enduring contribution to collectors and researchers of these important issues, not as a momentary marketing vehicle. Our consignors receive the best possible results, and our bidders enjoy first-class service and the knowledge that the coins they purchase have been evaluated with incomparable expertise.

Become acquainted with the staff and auctions of American Numismatic Rarities as either a consignor or as a bidder. Take advantage of our special offer to members of C4: Send us a receipt for a \$500 purchase in the last year and you will receive our next two catalogues at no charge, while a \$2,000 receipt from same period will place you on our catalogue mailing list for a full calendar year with our compliments.

Contact Rick Bagg or John Pack to discuss consigning your coins, or speak with our Director of Numismatic Research, John Kraljevich. Call 866-811-1804 or visit us online at www.anrcoins.com.

Someone we'll be missing this year is Bob Rhue. Although circumstances did not allow him to attend this year, he wanted to support C4 and the convention. Bob has once again generously volunteered (and I quickly accepted) to donate the funds to produce this C4 Convention program.

Members like Bob are examples of some of the behind the scenes people that keep C4 efficient and fun!

C4's Focus and Purpose

The Colonial Coin Collectors Club (C4) was founded in 1993 to provide a forum for collectors of numismatic material related to the Early American era. This involves coins, tokens, currency, and medals. The exact time frame encompassed by colonial numismatics is open to debate, but is generally accepted to include the complete pre-federal period as well as some issues of the 1790's. The early George Washington coins, tokens and medals are considered colonial items by most, and some of these date to the first half of the nineteenth century.

The club provides a forum for people interested in this period. The aims of the club are:

- 1- To increase the public's knowledge about colonial numismatics through meetings, conventions and its newsletter.
- 2- To promote the study of colonial numismatics and to help disseminate this information.
- 3- To cultivate fraternal collector relations.

For these purposes, the club will hold several meetings during the year in conjunction with major numismatic shows. The club has also established a colonial reference library and a colonial coin photo file. In addition, the C4 Newsletter is published quarterly.

Since 1935, the name *Stack's* has been linked to building great collections of colonial coins. Today's collectors take pride in owning colonials pedigreed to such great collections as Oechner, Hassberg, Groves, Park, Robison, Elliasberg, Spiro, and Picker, to name just a few. We helped build each one of them. *Stack's* can help you build your own collection of colonials, be they coins or medals.

We maintain a comprehensive stock of colonial coins and medals. Need a type, or a particular variety? Call our retail sales department, *Stack's* can help you find what you're looking for. We can help you upgrade, we'll even take your duplicate in trade towards the price of your new purchase.

Thinking of selling your coins? We're always interested in buying colonials. Thinking about an auction for your coins? *Stack's* has conducted more auctions of colonials than all our competitors, combined, ever have. Just give us a call, we'll be glad to help with your plans.

Stack's has the expertise in colonials. *Stack's* research library is the best in the coin business. *Stack's* clientele is the finest in the hobby. We're here to help. Just put us to the test.

Send for a free color booklet about our firm and its history in American numismatics.

EXHIBITS

"George III Halfpence, Regal and Contemporary Counterfeits Believed to have Circulated in Colonial America"

This exhibit will consist of approximately 50 coins including Regal, Crude Counterfeits, Non-Regal Dates, Mules, an array of Major Errors and an interesting set showing die state progression. There will also be photos showing both sides of the coins. This exhibit will compliment the numismatic presentation on Friday night about Counterfeit Coinage.

"A Selection of New York Colonial Coinage"

The earliest piece shown is the NEW YORKE IN AMERICA token attributed to Francis Lovelace, the second English Governor of New York (ca. 1670). The other pieces date from the Confederation period (1786-1787). Unlike the coinages of Connecticut, Massachusetts, and New Jersey, there was no law authorizing an official New York coinage. These pieces were possibly struck in anticipation of the awarding of a contract for copper coinage. Despite speculation as to the location of a New York mint and the parties involved with their production (James Atlee, John Bailey and Ephraim Brasher have been mentioned as likely engravers/issuers), little is known about the production of these coins, aside from Brasher's gold coinage. The medium-head Nova Eborac coppers are most frequently encountered; all the remaining New York coinages are rare.
